

Birthday Parties

We are very excited about sharing your child's birthday party with him or her, and you. This is a very special day. Therefore, we would like to let you know what our expectations are.

First of all, we would love a special treat!, it could be pizza, cake, cupcakes, ice cream, or fresh fruit. Anything out of the ordinary is fun!, but please no piñata's or games, unless you intend to take responsibility for the classroom.

Secondly, we would also love it, if you would send in a "Special Book", in honor of your child's birthday – inscribed with your child's name etc., (this way, we can associate your child with this "Special Book".)

Thirdly, we would really appreciate "**No Presents**". This causes difficulties for some parents, as well as the teachers. Private birthday parties are much more conducive to gift giving, then school functions.

Please don't forget to schedule your festivities for a time that best fits your child's classroom schedule.
